

Our Consciously Constructive CLEARx HPO Process

Our Unique Mind-Flow-Tainment and Team-Flow-Grow processes, developed and refined over 40 years, gets to the core of the matter; developing resilient, courageous, growth mindsets in your people and teams;

Our focus on REAL results for each level, means we are able to impact, activate, optimise and align more of your people's and team's potential. Our Consciously Constructive approach is to give more people the chances to become leaders, thereby unleashing greater potential across your company, and this may also be instrumental in retaining and attracting new talent.

Our simple, safe and strengths-based approach for personal, team and leadership mindset mastery, gives...

1. **Your People** greater awareness, flexibility, agility, responsiveness and energy, to be able to be more conscious, caring, connected, committed, creative and productive.
2. **Your Teams** stronger, more effective foundations and relationships with increased trust, connection, open communication, commitment and collaboration.
3. **Your Leadership** increased self-awareness, self-confidence, self-mastery and vision to become limitless leaders.
4. **Your Company:** a Way To become a Revolutionary Workplace that's growth oriented, resilient, high performance, positive, attractive, productive and profitable – CULUTRE, and platform for effective Execution.

You get 5x-10x greater benefits and value when compared to other typical events.

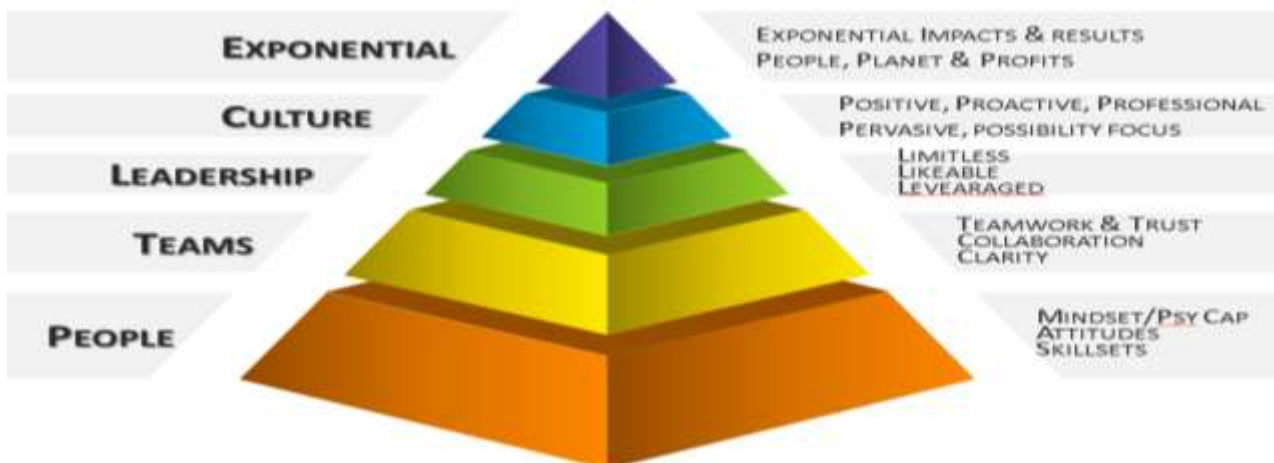

We holistically address 4 primary High Performance levels that impact

organisational results ...to ensure greatest Value: Personal & Business impact, and sustainability.

Consciously Constructive High Performance Process

CLEARx 4 level impact Dependency Framework for Exponential Results

Our CLEARx HPO Process (Resolve limitations below the RED line (Below))

1. **Assessments:** Research constraints, issues, conflict, limitations and understand context and baseline.
2. **Personal Interviews:** (Optional)Telephonic and/or face to face: Build Rapport, Trust, and Connection; Get deeper confidential understanding of each participants' specific constraints and conflicts.
3. **Confirm:** meet with project owner to present, discuss and clarify assessment implication and considerations.
4. **Design:** The Team-Flow-Grow Action Learning Experiences, activities, content to resolve issues, Activate and Align Potential to optimise resources, information and expectations.
5. **Facilitate:** Create the most effective discovery & learning action-learning experience by adjusting and optimising content, coaching, delivery and impacts to achieve mission for personal and team outcomes.
6. **Post Event:** Follow up:
 - i. Assessments
 - ii. Team Coaching – short sessions Optional
 - iii. Planning next best actions.
 - iv. Living by the Stop, Start and Continue, and peer coaching performance Agreements

Our Consciously Constructive Process and methodology

We follow best practices for adult and team learning, blended with fun, experiential-action-learning, proven to deliver max impact, value, benefits, and sustainability, to ALL participants.

Your Team will gain **more value and impact** through action-learning and personal/Team interaction, than playing silly fun "games".

This approach has delivered Mind-Growing, and life-shifting, results to our clients for decades. (See testimonials for value and impacts)

The above activities are frontloaded, facilitated and debriefed, relevant to your outcomes:

Understanding and Building an integrated high-performing team that embraces diversity, boosts morale, build trust, confidence, and cooperation, across the organisation.
